

Entry-level Geologist Southern California

URS Corporation, ranked number one on Engineering News-Record's list of the Top 500 Design Firms since 2000 is a leading provider of planning, design, systems engineering and integration, technology development, program and construction management, and operations and maintenance services to federal, state and local government agencies in the U.S., Fortune 500 corporations worldwide and government clients.

Description: Project Field and Office Support for Site Assessment and Remediation Projects. Must be willing to perform field sampling activities and become proficient with field instrumentation and equipment. Candidates will be working on interesting, fast-paced projects with the opportunity to learn and expand skills. Analytical data analysis, report preparation, evaluation of alternatives, and data summaries will be required. Field sampling for soil, soil vapor and groundwater is required in a variety of environmental settings.

Requirements: B.S./B.A degree in geology, geological sciences or hydrogeology with broad coursework in science and some coursework in chemistry. Ability and eagerness to perform field activities and work under the direction of a senior geologist. Good written and verbal communication skills.

Benefits: Eligible URS employees enjoy benefit plans that provide choice and flexibility. Recognizing that individual and family needs can vary greatly, our plans and programs are built to accommodate our diverse employee population. From your first day on the job, we offer a comprehensive benefits package. In addition to a number of optional programs, our people are immediately eligible to enroll in one of several health care plans and benefit from tax-advantaged flexible spending accounts. Participants who enroll in the URS 401(k) Plan are fully vested and may be eligible for employer contributions. Our employees are also eligible to enroll in the Employee Stock Purchase Plan during semi-annual enrollment periods.

Locations: San Diego, Santa Ana, Rancho Cucamonga. Los Angeles, Santa Barbara, Northern CA & throughout the United States.
